Copy of Driving Record Request

CHS requires that all new employees provide a copy of their current driving record from the Department of Motor Vehicles.

You may obtain a copy of your driving record either online or in-person at the DMV. Due to COVID-19, you may have to make an appointment before being seen in person.

Please remember to save all receipts for any work-related cost. You will need to submit the receipts to be reimbursed for your out-of-pocket cost.
